Dear Mr. Geary:

Thank you very much for your kind letter of March 9 reporting reception of W T B F.

Your program log seems to be correct and this serves as a verification for your file.

We have Western Electric Equipment with a 304 feet Blaw-Know Tower hoping to add 60 feet later on. This tower and the one in Mobile are the same height making the tallest ones in the State of Alabama.

We would like to receive another report of reception any time you hear us. Thanks again for your letter.

Very truly yours,

Joe W. Gilchrist
